INAUGURAL ADDRESS

Gentlemen of the City Council:

We are greatly indebted to the citizens of Somersworth for the trust and confidence placed in us by their endorsement at the polls on election day, having conferred upon each of us the duties and responsibilities of the administration of our municipal affairs for the first biennial term of office in our city.

An endorsement which resulted, I believe, from the past administration of honest, efficient and business-like management of city affairs, and with full cooperation and support from each and every one of you gentlemen should be continued throughout this administration, starting today, and when completed will justify the endorsement and confidence placed in us.

In my acceptance speech as a candidate for the office of Mayor, I reviewed briefly some of the achievements of the several departments which I will outline again at this time.

Water Department

We have extended our water main to the Dover line on High street, greatly benefiting the residents in that locality both in the use of our water supply and for fire protection purposes. The efficiency and

safety of this department has been greatly increased by the addition of the new well and auxiliary pump installed the past year, which was a necessity to insure us against any breakdown or shortage of water, and also allows us to transfer from one well to the other for cleaning and repairing purposes.

Schools

The repainting of the interior of our high school and the addition of new venetian blinds throughout the building; work has been started on the addition to our high school, which when completed will consist of two large classrooms and the enlarging of our present manual training room, enabling us to care for the increased enrollment.

Highway Department

Our streets have been kept clean and cleared of ice and snow, and well sanded on icy occasions. We have approximately 10.4 miles of oiled roads throughout the city, of which 7.3 miles have been oiled this year, including the following streets: Main, Green, Union, Elm, Orange, Mt. Vernon, Grove, Highland, Prospect, Linden, Lincoln, Pleasant, Third, Chesley avenue, Lee, Depot, Noble, Indigo Hill road, Fore, Washington, Fayette, Franklin, Myrtle, Horne, Hanson and Pearl.

Garbage is collected daily and efficiently by this department. Complete records of the cost of individual items are kept, which to my belief has materially assisted in the financial record of this department. New equipment added includes street sweeper, Mack truck, Ross snow plow and a Burch sand spreader.

Under the supervision of the Highway department and the use of WPA funds, we have relaid our main sewer from Union street to the mouth of Main street, with 42-inch re-enforced cement pipe, which will enable us to add to our sewer system throughout the city which was impossible to do with the mouth of the sewer remaining in its past condition. This project also included the addition of 9,065 feet of sewer pipe extending from Union to Green, Indigo Hill road, Myrtle and High streets. Approximately 3,500 square yards of cement sidewalk has been constructed on Main street, from Washington to Mt. Auburn street and the southerly side of Central street, which greatly benefits this section of our city.

Relief and Welfare

This department has and still is a very important factor in our city finance. Due to the several projects we have been able to procure, we have been very successful in keeping our direct relief cases at a minimum, enabling this department to keep within the appropriation allotted them for welfare and relief.

Before proceeding with the plans and recommendations for the future, permit me to briefly refer to the financial condition of the city at the close of the past administration.

One of the most important functions of the city council is to provide funds for the proper maintenance of the various departments and municipal development. Our sources of income are very limited, and that fact must be considered in its relation to and in the final solution of all of our problems. It is not a difficult task to suggest improvement along the line of municipal progress, the real task being that of providing the funds to carry out these improvements and suggestions. With these facts in mind, gentlemen, I present to you the following suggestions for your careful consideration:

The extension of the water main on the cemtery road and West High street, encouraging to some extent the building of new residences in this part of the city, which is at present well started.

Remodeling the present city-owned building formerly known as the Great Falls Restaurant to accommodate offices and council rooms for our several department officials.

Maintain our present highways and discontinue the construction of new roads for the present.

Construct as rapidly as funds and conditions permit, new sidewalks throughout the city, which are greatly needed in several sections, and recommend these walks be constructed of cement wherever it is possible.

Extension of our sewer system on High and West High streets.

Erection of garages on land at present owned by the City on West High street for the use of the highway department, due to the fact that the present building is inadequate for our present machinery and equipment. Plans have been drawn for the erection of a building 116x30 feet, to be added to the present structure, which is to be used as a sand shed, and will greatly assist this department in being able to store enough sand for winter use which in the past has been impossible through the lack of space. The new building will consist of seven heated garages and a work or repair shop also enabling us to keep all the city-owned machinery and equipment under cover, which at present is impossible.

In conclusion, gentlemen, I have endeavored to acquaint you with some of the foremost problems of our city government and do earnestly solicit your faithful and whole-hearted cooperation.

RESOLUTIONS

Somersworth, N. H., January 2, 1940.

Resolved:

That the Committee on Finance be and hereby is authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed one hundred thousand (100,000) dollars; that the proper officers of the City be authorized to give the City Note or Notes therefor. All debts incurred under the authority of this resolution are hereby expressly made payable from the taxes of the current municipal years.

Passed January 2, 1940.

Somersworth, N. H., May 7, 1940.

Resolved:

That the Committee on Roads, Bridges and Drains be and hereby is empowered and authorized to expend a sum not to exceed the amount of $1,650.00 for the purchase of a suitable truck for the highway department.

Passed May 7, 1940.

Somersworth, N. H., July 19, 1940.

Whereas, due to the resignation of the former incumbent

Be It Resolved: That the committee on Finance be and hereby is authorized and empowered to appoint an Acting City Clerk to serve in the capacity of City Clerk; and also that said Committee on Finance be authorized and empowered to fix the compensation of said Acting City Clerk.

Passed July 19, 1940.

Somersworth, N. H., August 13, 1940.

Whereas, a vacancy has occurred in the City Council by the resignation of Philippe Turcotte, member of said Council from Ward 4.

Resolved:

That an election in Ward 4 to fill said vacancy be and hereby is called for on August 29, 1940, and the Selectmen of said Ward 4 are hereby required to notify and warn the inhabitants of said Ward, qualified to vote in city affairs, to meet at the ward room in Ward 4 on the 29th day of August next, to choose by ballot a councilman to fill said vacancy.

Be it further resolved, that the polls shall open not later than 7 o'clock in the afternoon and close not earlier than 9 o'clock in the afternoon of the same day.

Passed August 13, 1940.

Somersworth, N. H., August 13, 1940.

Resolved:

That the City of Somersworth be, and hereby is, authorized to sell and transfer to the Public Service Company of New Hampshire, for the sum of fifty (50) dollars, the following described lot or parcel of land, to wit: A certain piece or parcel of land lying on the Northerly side of Black Water Road, bounded and described as follows: Beginning at the Southeasterly corner of said lot at the junction of Black Water Road and Maple Street extension, and running along said Maple Street extension fifty-three (53) feet, more or less, to an iron rod set in the ground on the Westerly side line of said Maple Street extension; thence turning and running in a Westerly direction one hundred and eighteen (118) feet, more or less, to an iron rod set in the ground; thence turning and running in a Southerly direction fifty (50) feet, more or less, to Black Water Road; thence turning and running in an Easterly direction by the Northerly side line of said Black Water Road one hundred (100) feet, more or less, to the point of beginning. And that a deed for the same be signed and acknowledged in behalf of the City by the Mayor.

Passed August 13, 1940.

Somersworth, N. H., September 17, 1940.

Resolved:

That the the City of Somersworth be, and hereby is authorized to sell and transfer to the Public Service Company of New Hampshire, for the sum of fifty (50) dollars the following described lot or parcel of

land, to wit: A certain piece or parcel of land lying on the Northerly side of Black Water Road, bounded and described as follows: Beginning at the Southwesterly corner of said lot and running fifty (50) feet, more or less, in a Northerly direction to an iron rod set in the ground; thence turning and running in an Easterly direction one hundred (100) feet, more or less, to an iron hub set in the ground; thence turning and running in a Southerly direction fifty (50) feet, more or less, by land of Public Service Company of New Hampshire to Black Water Road; thence turning and running in a Westerly direction by the Northerly side line of said Black Water Road one hundred (100) feet, more or less, to the point of beginning. That a deed for the same be signed and acknowledged in behalf of the City by the Mayor.

Passed September 17, 1940.

Somersworth, N. H., September 17, 1940.

Whereas, Rhenda Robinson having been encumbered as Acting City Clerk by virtue of the City Council at a meeting held July 19, 1940.

Be It Resolved: That for services rendered said Acting City Clerk be granted a sum not exceeding $100.00 as amended compensation.

Passed September 17, 1940.

Somersworth, N. H., November 8, 1940.

Resolved:

That the City of Somersworth be, and hereby is, authorized to sell and transfer to the Public Service

Company of New Hampshire for the sum of one dollar the following described lot or parcel of land, to wit: A certain piece or parcel of land lying on the Northerly side of Black Water Road, bounded and described as follows: Beginning at the Southeasterly corner of said lot and running twenty-five (25) feet, more or less, in a Northerly direction to an iron rod set in the ground; thence turning and running in a Westerly direction two hundred and eighteen (218) feet, more or less, to an iron hub set in the ground; thence running in a Southerly direction twenty-five (25) feet, more or less, to land of Public Service Company of New Hampshire; thence turning and running in an Easterly direction by the Northerly side line of said Public Service Company of New Hampshire two hundred (200) feet, more or less, to the point of beginning. And that a deed for the same be signed and acknowledged in behalf of the City by the Mayor.

Passed at a meeting held November 8, 1940.

Somersworth, N. H., December 20, 1940.

Resolved:

That the Committee on Finance be, and hereby is, empowered to transfer from any department that may have an excess of appropriation, or from any money remaining in the Treasury not otherwise appropriated, and apply to such department as may have expended more than the appropriation therefor.

Passed at a meeting held December 20, 1940.

Somersworth, N. H., December 20, 1940.

Resolved:

That the Committee on Finance be, and hereby is, authorized to borrow against uncollected taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed fifty thousand (50,000) dollars, and that the proper officers of the City be authorized to give the City's Note or Notes therefor.

Passed at a meeting held December 20, 1940.

Somersworth, N. H., December 31, 1940.

Resolved:

That the Finance Committee is hereby authorized and empowered to appropriate the sum of $3,387.12 for the Cemetery Department for the fiscal year of 1940; such sum to be taken from money remaining in the City Treasury not otherwise expended.

Passed at a meeting held December 31, 1940.

PETITIONS

Manchester, N. H., February 7, 1940.

To the City Council of Somersworth, N. H.:

Manchester, N. H., April 12, 1940.

To the Board or Mayor and Councilmen of Somersworth, N. H.:

New England Telephone and Telegraph Company desires a license to erect and maintain poles and structures, with wires, cables, conduits and devices thereon, together with sustaining, strengthening and protecting fixtures, said poles and structures to be installed approximately in accordance with plan filed herewith or attached hereto marked "New England Tel. & Tel. Co.," No. P-2104, dated 4-8-40.

New England Telephone & Telegraph Co.,
By Rae Comerford, Plant Engineer.

The foregoing petition was granted at a meeting held June 4, 1940.

Somersworth, N. H., May 22, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests a permit to alter a wooden building, namely: a barn, by reducing said structure to one story in height and also to erect a one-story wooden building approximately 24 x 20 feet to be used as private garages. Both proposed structures are located at and known as 289 Main Street and bounded by the property of Alphondor Dumais, Pierre Fortin and Ovide Nadeau, and on the other two sides by Main and Central Streets.

Respectfully submitted,
Mrs. Alphonsine Marion.

The foregoing petitioner was granted a hearing on June 19, 1940.

Somersworth, N. H., June 3, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your honorable body for a permit to erect a wooden building on the property located and known as 49 Main Street. Said proposed structure to be approximately 27 x 54 feet and a projecting ell at right angles approximately 100 feet by 36 feet, and one story in height. The abutter to the above mentioned property is Alphonse Lapointe.

Respectfully submitted,
Alfred J. Boucher.

The foregoing petitioner was granted a hearing on June 19, 1940.

Somersworth, N. H., June 19, 1940.

To the City Council of Somersworth:

Your petitioner respectfully asks the said Council to grant him a permit to operate an Amusement Park, at the premises formerly known as the "Tri-City Aviation Field."

Respectfully submitted,
Warren Carter.

The foregoing petition was referred to His Honor, the Mayor, for disposal through its regular channels.

Somersworth, N. H., July 1, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully petitions your honorable body for a permit to move a wooden building near the sidewalk on the property known and located at 110 Franklin Street. Said building is approximately 11 feet by 17 feet and one story in height. Your petitioner desires to be allowed to add a covered platform approximately 6 feet wide by 17 feet long on the front of building, and necessary alterations, to be used as a store.

The abutters to the above mentioned property are: James E. Carrigan, Mrs. Joseph Nadeau and Olive B. Clark. The above property is owned by Evariste Bolduc to be rented to Wilfred Bolduc.

Respectfully submitted,
Evariste X. Bolduc,
Wilfred Bolduc.

The foregoing petitioner was granted a hearing July 23, 1940.

Somersworth, N. H., August 13, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioners respectfully request your honorable body for a permit to erect a Neon sign to overhang the sidewalk at 49

Main Street. Said proposed sign to be approximately 3 x 8 feet and sufficiently braced from the building to insure the safety of pedestrians passing thereunder.

Respectfully submitted,
Alfred J. Boucher,
Placide J. Lagueux.

The foregoing petition was granted at a meeting held August 13, 1940.

Somersworth, N. H., July 8, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your honorable body for a permit to erect a Neon sign to overhang the sidewalk at 121 Main Street. Said proposed sign to be approximately 6 x 3 feet and sufficiently braced from the building to insure the safety of pedestrians passing thereunder.

Respectfully submitted,
Lucier Furniture Company,
By Leo R. Lucier.

The foregoing petition was granted at a meeting held August 13, 1940.

Somersworth, N. H., July 6, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your honorable body for a permit to

erect a wooden building to replace a barn destroyed by fire. Said proposed structure to be approximately 20 feet by 24 feet and one story in height, and to be used as private garages, and to be located in the rear of the property located and known as 214 High Street.

The above mentioned property is bounded as follows: On the East by land of Peter Chasse, on the South by Franklin Street, on the West by land of Louis Gagne and on the North by High Street.

Respectfully submitted,
S. Bernstein.

The above petitioner was granted a hearing on September 3, 1940.

ORDINANCES

Somersworth, N. H., June 19, 1940.

Onesime J. Dubois,

Board of Assessors.

STREET COMMISSIONER'S REPORT

Somersworth, N. H., January 1, 1941.

To His Honor, the Mayor, and City Council:

Gentlemen: I hereby submit my annual report for the fiscal year ending January 1, 1941.

Highway Department

During the past year, the regular maintenance of our streets and sewer system has been carried out as in the past. Garbage collections have been regular and there has been collected 1,233 loads at a cost of $1.68 per load.

The receivers have been cleaned out in the spring and fall, and the manholes in the fall of the year.

All streets were cleaned and swept in the spring and have been kept clean throughout the year. Where the spreading of such a large amount of sand throughout the winter is so necessary as to keep the roads in safe condition for travel, increases to a great extent the cost of the cleaning of streets. Three hundred and sixty-one loads of sand were used on roads and walks, due to slippery conditions. The following streets were tarvia treated: Mt. Auburn, Central, Water, Depot, Tremont, Noble, West Green and Franklin, and the lower end of Page street was gravelled and given two coats of oil com-

pleting all streets in our city limits with hard surfaced roads. Under the State Town Road Aid, the Lily Pond road was resurfaced with gravel.

Following is an itemized account of amounts expended on the different types of work carried on by the Highway Department.

Labor

Garbage	$ 2,074.42
Manholes	70.35
Trees	70.81
Gravel roads	156.49
Snow removal roads	1,827.57
Snow removal walks	699.01

Respectfully submitted,

John R. Hodsdon,

Street Commissioner.

REPORT OF CITY SOLICITOR

Somersworth, N. H., March, 1941.

To His Honor, the Mayor, and City Council:

Gentlemen: I submit herewith my report for the period November 8, 1940 to December 31, 1940.

At the time that I was elected to the office of City Solicitor to succeed the late Thomas J. McGreal, there were the following suits pending against the City of Somersworth:

(1) Edwin E. Helander vs. City of Somersworth. This is a claim for property damage as a result of a car being driven into an open ditch on Main Street opposite the property of Minnie Perreault.

(2) Joseph Pageotte vs. Peter M. Gagne and City of Somersworth. This is a claim for personal injuries from a fall on the steps at the entrance of the Somersworth Theatre.

(3) Frederick W. Churchill vs. City of Somersworth. This is a petition for tax abatement.

(4) Strafford York Gas Co. vs. City of Somersworth. This is a petition for tax abatement.

These cases are expected to be disposed of in the near future.

Respectfully submitted,
John F. Beamis, Jr.,
City Solicitor.

REPORT OF THE DIRECTORS OF FOREST GLADE CEMETERY

Somersworth, N. H., January 1, 1941.

Comments on Balance Sheet

Exhibit A—Comparative Statement of Assets and Liabilities as at December 31, 1940 and December 31, 1939.

During the year 706 feet of six inch pipe was installed on West High Street and, at the present time, we are in the process of installing 2,000 feet of six inch Universal Pipe on Cemetery Road off West High Street. In addition the one inch main on Walcott Avenue was extended 325 feet by installing copper tubing to supply water for two services.

Extensive repairs were made to the stand pipe, such as scraping both inside and out. Two coats of asphalt was applied on the inside and two coats of aluminum on the outside. The runway on the top was replaced.

Since many of the services have been in use for forty years or more it was necessary to renew thirty-five. Also, nineteen new houses were connected. Eighteen accounts were metered.

The bonds were reduced $3,000.00.

Comments on Exhibit B

Exhibit B—Comparative Statement of Operations for the Fiscal Years 1940 and 1939.

During the year two hydrants were replaced and nine repaired. The hydrants were flushed periodically during the year. Numerous repairs were also made to services and meters. There were no abnormal increases in expenses.

Suggestions

I would suggest that the grounds and the road at the pumping station be improved. I should like to remind water takers that most of the services have been in use for a period of forty years. Statistics show that the average life of galvanized pipe is twenty years. This indicates that there are a great number of services which should be replaced. The replacements should be made during the spring and summer months. During this period a service can be installed at considerably less expense than it can during the winter months.

Respectfully submitted,
Wilfred J. Michel,
Superintendent.

FIRE CHIEF'S REPORT

Somersworth, N. H., January 1, 1941.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit to you my annual report of the Fire Department.

ROLL OF THE FIRE DEPARTMENT

Chief Engineer, John O'Neil
1st Deputy Engineer, Harry D. Ledger
2nd Deputy Engineer, Noel Chasse

Captain Napoleon Couture
Clerk, John Loughlin

DRIVERS

Arthur Nadeau, Ernest L. Heon
Napoleon Couture, Clyde Harvey
James Shanahan

EQUIPMENT

One American LaFrance Triple combination hose, pump and chemical.

One American LaFrance City Service truck, ladder and chemical.

One Ford V-8 combination pump and hose.

Two emergency hose wagons.

There are at present 2,200 feet of hose in good condition, 1,800 feet of hose in fair condition; 500 feet of new 1½ inch hose and 600 feet of chemical hose.

Total number of alarms	97
Number of box alarms	31
Number of chimney fires	40
Number of brush fires	18
Number of still alarms	8

Thirty-eight permits to burn grass, leaves, etc., were issued.

Fire drills were held regularly in schools.

Chemicals in the public buildings were kept charged and located for emergency use.

Woodlands were kept posted with fire warnings, and closed during dry spells.

Inspections to eliminate fire hazards were conducted every three months.

In closing, I wish to thank His Honor, the Mayor, the Committee on Fire Department and all those who have assisted me in the discharge of my duties during the year.

To the officers and members of the department my thanks are also due for their faithful attention to

duty and their promptness in responding to the numerous calls during the past twelve months.

Respectfully submitted,
John O'Neil,
Chief Engineer.

4 Out of town and brush fires
1-1 No School Signal
Morning, 7.30-7.45
Afternoon, 12.30-12.45

GENERAL RULES

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.

2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.

3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the

box which has been pulled, and be sure that someone stays at the box to direct them to the fire.

4. Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

REPORT OF THE TRUSTEES OF THE SOMERSWORTH PUBLIC LIBRARY

To His Honor, the Mayor and City Council:

Gentlemen: The Trustees of the Somersworth Public Library respectfully submit the report of the Librarian for the past year.

We feel that excellent work has been done during 1940 and the Librarian's report will be found interesting, showing as it does, the appreciation of opportunities for reading and study offered by the library.

The increased cost of books and supplies in recent years has greatly added to the expense of library maintenance and growth. It is of course essential, if a library be kept up-to-date, that a goodly number of books be purchased every year.

The Library should be prepared to serve all varieties of demands, and we believe we are doing this here in Somersworth, in so far as our funds allow.

We are therefore urging the members of the Finance Committee to grant us as liberal an appropriation for 1941 as is possible, that we may maintain our standard acquired during the past years.

Respectfully submitted,
Alfred J. Boucher,
Arthur C. Guilmette,
Henry P. Mullen,
Haven Doe,
Library Trustees.

REPORT OF THE LIBRARIAN

Somersworth, N. H., January 1, 1941.

To the Trustees of the Somersworth Public Library:

Gentlemen: Herewith is presented the report of the Librarian for the year 1940.

When the time approaches for an annual report to be made it is with regret that one cannot describe in detail the splendors of a new library building, state definitely that more than one thousand new books have been accessioned, or a legacy of some $5,000 or $10,000 received during the year. Since none of these phenomena occurred during the past year I shall confine my report to a statement of facts, plain and simple though they may be.

The increased demands upon our library are evident, both for circulation of books and reading-room facilities. The timely services of the library during the past year have aided in the study of economic problems, vocational education and general morale —reading to keep one's balance and as a substitute for expensive recreation.

The library has fundamental value at all times—a strong factor in the general education of the child and continuing informal education for all ages, as the reading interests of the people from pre-school age to the last of life are provided for, through the books in our library.

Since new books are the life-blood of the library a definite aim during the year has been to buy as many of the latest publications as our appropriation would allow, with the patron's needs carefully studied and no extravagances allowed.

The appropriation received from the city is **low** compared to other libraries (and national library standards) and from this appropriation salaries, maintenance and purchase of books must come.

Probably the most noteworthy accomplishment in 1940 was the addition of a Juvenile Card Catalog to the Children's Corner. This catalog represents an immense amount of work; some over 5,000 cards have been used and filed alphabetically in an 8-drawer cabinet; it is an achievement of which we are proud!

This catalog lists the juvenile books by author, title and subject; the books are arranged on the shelves in groups, each group including, as nearly as can be, all the books treating of a subject, for instance GAMES or CHILDREN'S POETRY, or all the books having to do with a particular period of time, for instance COLONIAL LIFE AND CUSTOMS.

Typing of the cards was done by Miss Dorothy Bontaites, a N. Y. A. worker who has been employed in the library since May and whose efficient assistance in other branches of library work has been much appreciated. Miss Bontaites did very creditable work last summer, in charge while your Librarian attended the Summer School of Library Science at the University of New Hampshire.

Miss Marilyn Bell served very satisfactorily as part-time assistant, as she has been doing the past two years.

Gifts of books were received during the year from Mrs. Javan Russell, Mrs. Theodore Alyea, Mrs. Reba Lord Bigelow, Sister Mary of St. Angelique, and several duplicate volumes were received from the Dover Public Library.

Mrs. Russell presented two very nice volumes of Picturesque America, containing interesting engravings on steel. Mrs. Bigelow, who fondly remembers Somersworth and her love for the library when she was a girl in school here, presented a copy of Fielding's Folly by Frances P. Keyes, as a symbol of gratitude for all the Somersworth Library means to her.

The Somersworth Garden Club, as has always been its custom, supplied the library with beautiful flowers from early May to October first.

At one time during the summer, there was an interest in postage stamps and we were pleased to display stamps owned by Orin Littlefield, Dorothea Savithes, Elizabeth Ricker and Roger DeHayes.

The purchase of an 8-drawer steel cabinet greatly facilitates the filing of borrowers' application cards which were previously contained in a much smaller cabinet.

At the request of Miss Thelma Brackett, State Librarian, titles of our new non-fiction books were sent to the State Library to be added to their Union List; by using this list they borrowed several books from us which they did not have in their collection.

The following statistics give an account of the work accomplished during 1940.

Number of volumes in Library, Jan. 1, 1941	18,513
Number of volumes added during 1940	367
Of the 367 new books	

324 were acquired by purchase
43 were gifts

Number of volumes rebound	127
Number of new registrations	244
Total number of books loaned for home reading	33,926

Of this number 27,746 were adult books
6,180 were juvenile books

Of this number 27,524 were fiction; the other classes of literature numbering 6,402 were divided as follows:

General works	71
Philosophy and Religion	127
Sociology and Economics	611
Essays, Poetry and Drama	598
Natural Science	223
Useful arts	655
Fine arts	479
History and travel	1,074
Biography	663
Current magazines	1,454
Books in French	195
Pictures, Pamphlets, Music, Maps	252
	6,402

At this time I wish to thank the Trustees for their helpful cooperation during the year.

Respectfully submitted,
Leona H. Savithes,
Librarian.

REPORT OF AUDITORS

For the Year Ending December 31, 1940

To the Honorable Mayor and City Council:

Gentlemen: We herewith submit our report as auditors for the year ending December 31, 1940.

We certify to having examined the books and vouchers of the City Clerk and City Treasurer. We find the accounts to agree with orders drawn on the Treasurer, and the accounts correctly cast.

We have also examined the books of the Water Department, Tax Collector, Superintendent of Forest Glade Cemetery, City Messenger, and the Clerk of the Municipal Court, and find all accounts correctly cast and the payments properly vouchered.

Respectfully submitted,
Margaret Cray O'Connell,
Roscoe G. Edgerly,
Auditors.

March 26, 1941.

OVERSEER OF THE POOR'S REPORT

Somersworth, N. H., January 1, 1941.

To His Honor, the Mayor, and City Council:

Gentlemen: I submit herewith my report from January 1, 1940, to January 1, 1941.

Old age assistance	$ 3,377.97

Respectfully submitted,
James E. Perreault,
Overseer of the Poor.

REPORT OF INSPECTOR OF PLUMBING

Somersworth, N. H., January 1, 1941.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit my report for the year ending December 31, 1940. Fifteen inspections of new sewer connections were made during the year, and twenty-two inspections on alterations on plumbing appliances and fixtures placed therein.

Respectfully submitted,

Albert A. Tapscott,

Plumbing Inspector.

High School Special—Jacques, The Mayor, Carignan

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Somersworth:

This is the twelfth annual report to be made by me and the forty-seventh published report for Somersworth.

The School Year, as defined by the laws of the State is that period extending from July first to June thirtieth. This makes uniformity of reports throughout the State and this report, in so far as statistics and expenditures are concerned, covers the School Year, 1939-1940.

The reports of the Headmaster and School Nurse cover the same period. When the Manual Arts and Domestic Science courses were first introduced it was the custom to print reports. These courses are now as much a part of the work as is the Department of Commerce or the Department of Science and the printing of the special reports has been discontinued.

ENUMERATION AND ENROLLMENT—1940

Mr. Antoine Fournier, Secretary of the School Board at that time, submitted the following figures for the Census of Children as of October, 1940. (Mr. Fournier volunteered for Defense in October and is now with the Colors in Texas.)

Total children in the city between the ages of 5 and 16: *Boys 674

*Girls		618
Total registration in the Public Schools,		
over 16	108	
under 16	633	
		741
Total registration in St. Martin's (including Commercial)		602
Total registration in Holy Trinity		125
Living in the City but attending High School or Academy elsewhere		10
Living in the City but attending Elementary School elsewhere		5

There were reported 18 children between 5 and 21 years of age as handicapped. All but two of these are in schools or hospitals. A law passed by the last New Hampshire Legislature makes it obligatory to provide teaching at home for such handicapped children as cannot attend the regular schools and such teaching must continue until the handicapped children reach the age of twenty-one.

Mrs. Bernadette Pellerin has been secured to teach those at home at present and any others who may need such teaching later in the year.

The annex to the High School was in operation in 1939-40 but no addition or changes were made in the teachers employed or courses given. The same high standing of the school has been maintained. In athletics we still remain in Class B, that is a school with less than 125 boys enrolled. Schools

* Compared with 601 Boys in October, 1939.
* Compared with 588 Girls in October, 1939.

with more boys are ranked Class A. Somersworth High school deserves great credit because it plays so many schools in the Class A group. All its real rivals are in Class A.

While the statistics, for the most part, cover the work for 1939-40, I must of necessity speak of some things planned for this year.

The Conn Instrument Company has been granted permission to try to interest the pupils of all schools in forming a School Band. As I write these lines the plan is just getting under way, with about 30 pupils equally divided among the High School, Chandler School and Parochial Schools. We expect that the band will be a success. Mr. Paul Chabot of Somersworth has been engaged by the company as instructor.

A music supervisor is much needed in Somersworth, one who could teach both vocal and instrumental music.

It is also planned to make use of Surplus Products as lunches in addition to the free milk which was and is provided for every undernourished child in the public schools, free of charge, from funds secured from the Milk Benefit Picture which the proprietors of the Somersworth theatre so generously make possible.

During the year 1939-40 the Dental Clinic, which we have urged for so many years, got under way and is being continued during 1940-41. See the Report of the School Nurse for details.

In my last report I mentioned the lack of chairs for assembly purposes at the Burleigh and Chandler

Schools. Chairs have been secured for use at the Burleigh School and it is hoped that the next appropriation will provide enough money for seats in the Chandler School.

We held the usual Armistice Day and Memorial Day Programs in the schools and appropriately observed Education Week and the special holidays. The pupils joined in the Armistice and Memorial Day parades. The superintendent is planning this year to have each room put on its own exhibition during the spring term. A general exhibition does not seem to appeal to the general public; at least, we feel that the number who come to see the exhibit does not warrant the expenditure of time necessary to prepare for it.

TESTING PROGRAM

The State Department of Education furnishes tests in Intelligence for the Senior Class and also provides tests for one subject each year. The results of these, while not made public, show that our students at least hold their own with those of other schools.

In the elementary schools the Detroit First Grade Intelligence test is given in October to the children of the first grade. In February we have been giving and shall continue to give, the Metropolitan Achievement tests, and to the eighth grade will be given the Otis Group Intelligence tests and the Standard Graduation tests.

TRANSPORTATION

Somersworth is unique in providing transportation to pupils three times a day. This obviates the ne-

cessity of cold dinners and supervised lunch periods. The increased efficiency of the schools far outweighs the small extra cost. Transportation is provided for all elementary school pupils, regardless of the school attended, who live more than a mile and one-fourth from the school. Because of crowded conditions on the bus it was necessary for the distance to be raised to one and one-half miles for High School pupils. We have two good busses and excellent transportation is provided. We have very few complaints regarding misconduct on the busses. Parents have shown a fine spirit of cooperation when it has been found necessary to make some thoughtless boy walk for a few days.

Somersworth should not be ashamed of its school buildings. The Burleigh School is old, but it receives excellent care and is kept in good repair. We lack play ground facilities, especially at the Chandler School, but we try to make the best use of what we have. I wish we might have a more extensive program of physical education in the grades.

If a local teacher could be procured there is still need for an adult school for naturalization. The Red Cross made use of the spare room in the Burleigh School last year to carry on a six weeks' course in bedside care. This year the same course has already been given, the assembly room of the Chandler School being used. Your superintendent would like to see more such classes or similar classes started. There is no reason why our school buildings should not be used more than six hours a day.

We have carefully followed the recommendations of the Defense Committee as given us from time to

time by the State Department of Education. It has not yet been found expedient to open our shops at the High School for trainees. Dover is caring for all needs at present in this area. The time may come when Somersworth will be called upon.

Last spring a course of 16 lectures was given at Portsmouth by Prof. Payson Smith of Harvard. Your Superintendent and 12 teachers from Somersworth faithfully attended them all. This fall in Dover, a course of 16 lectures on teaching the Social Studies is being given by Prof. Linwood Chase of Boston University. The same elementary teachers and Miss Caswell of the High School are in attendance as well as the Superintendent. Incidentally there are more teachers attending from my Union than from the City of Dover. This shows a good professional spirit and the Superintendent wishes to make public recognition of it.

Your Superintendent attended the meeting of the National Association of School Administrators held in Cleveland, in February, 1940, and has made plans to attend the meeting in Atlantic City the last week of February, 1941.

We are endeavoring to give a democratic education to "All the Children of All the People." The schools belong to the public. We desire your criticism when constructive and want your suggestions. We could spend more money but realize that all that is spent comes from local sources and that in times like these taxes seem about as high as we can stand. We shall continue to try to give to the patrons of the public schools a dollar return for a dollar expended.

FROM AMERICAN YOUTH COMMISSION

"Our Schools need to look upon education as preparation for life in all its aspects for work, for use of leisure time, for home membership, for health, and above all for citizenship in a democracy."

Respectfully submitted,

Howard L. Winslow,
Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

To the Superintendent of Schools:

During the past year the school building has been enlarged by the addition of a three story wing containing two standard size classrooms seating forty pupils each and, on the ground floor, an addition to the present mechanic arts room which practically doubles its capacity. The classroom on the top floor has some provision made for work in Biology by the inclusion of a sink and a long work table under the windows. The total seating capacity of our building is now 265 or, by including the twenty bookkeeping desks in the Commercial Room, 285. Our total enrollment this year is 253.

The school has recently purchased a Victor sound projector which, because of modern trends in audio-visual education, will be almost indispensible in presenting certain types of subject matter in our curricula. This purchase was made possible by the substantial contributions of the classes of 1939 and 1940 together with the balances remaining in the treasury of the Latin Club and of a special fund which has been accumulated by such diverse activities as penny collections, certain prizes awarded to the school, and contributions made by the pupils on various occasions. We wish to express our gratitude to all of those who have so generously subscribed in any way to these funds. These sums, however, constitute only a partial payment. We

expect to make the final payment prior to the close of school in June largely by means of the financial help voluntarily offered by the pupils themselves.

In connection with this plan for visual education it is well to bear in mind that a projector without suitable films is valueless. Here again we are extremely fortunate in that for the past several years the University of New Hampshire has been accumulating a splendid film library any and all of which are made available to schools on a very modest rental basis. Furthermore since the University is a member of the New England Educational Film Association we have access to a large number of films which may be secured from other members of the association. These films cover the fields of Natural Science, Social Science, Music, Geology and kindred subjects. Considering these advantages I believe that we have a right to be optimistic concerning the value of visual education in our school.

No change has been made nor is any contemplated in our program of study. Our present program appears to fit the needs of our pupils exceedingly well. If any change at all should be considered it is that a fourth year of Mechanic Arts might be put in for the boys so that the course in Mechanic Arts might be made comparable with the four year course in Home economics for the girls. Today, because of our defense program, there is an insistent demand for skilled, mechanical workers and the opinion seems to be universal that the public schools should assist in this type of training. We have for years been doing some. The question is, are we doing enough?

It is the experience of all schools that training of this sort is expensive since it involves such a large

outlay for machines and accessory equipment. Yet if the preparedness program calls for such training we must be ready to do our part. At the present time a survey is being made in New Hampshire relative to the establishment of certain types of trade schools. If such schools are established it must be borne in mind that some preliminary training will be necessary for our pupils who may desire to enroll in such a school.

This is in no sense a plea to reconstruct our school and reform it along the lines of a trade school. It is merely that we have a deepening sense of the benefits that might accrue to our boys if they were given some opportunity to gain actual experience operating a machine lathe. At present they lack this training. Our course now extends over three years; one of cabinet making; one of auto-mechanics and a third in electrical appliances. A fourth year could profitably be devoted to instruction in the use of machine tools. Such a course might be arranged with very little cost to the department.

We acknowledge with pleasure and deep appreciation the following gifts during the past two years: A history of the Constitution and one hundred song books presented to the school by the Somersworth Kiwanis Club; the magazine "Banking" the subscription of which is paid for by the Somersworth Savings Bank; and an unabridged Webster's Dictionary presented by Mr. Paul Habel. The gift of the class of 1940 has already been mentioned in connection with the projector.

Respectfully submitted,

John R. Uniack,
Headmaster.

REPORT OF SCHOOL NURSE

To the School Board and Citizens of Somersworth:

The following report is for the school year, September, 1939 to June, 1940.

Number of children examined	1255
Defective visions corrected	76
Defective teeth corrected	348
Tonsillectomies	4
Appendectomics	2
Mastoid operations	1
Orthopedic corrections	3

Communicable Diseases Found:

Mumps	1
Chicken pox	12
Pediculosis	80
Pneumonia	2
Whooping Cough	11
Skin Diseases	25
Measles	78

The Annual Milk Fund Benefit was held May 16-17 at the Somersworth Theatre. This benefit included the Dental Clinic which was started February 9. It is a worthy cause from which 48 undernourished children were provided with free milk, and thirty-five were treated at the Dental Clinic.

Many thanks are due to all those who purchased tickets for the benefit, and children who sold them,

and to anyone who in any way helped to make this benefit a success.

A clearer understanding of the necessary corrections of defective teeth, eyes, nose, and throat has been made through home contacts.

This year's dental corrections show an increase of 43%, and vision 51%. Parents have been very cooperative.

During the winter months we were fortunate in having some of the Surplus Commodity fruit distributed in two of our schools. This extra nutrition helped considerably children who came on the bus and those walking a long distance to school.

Each year more fortunate children are asked to bring clothes, shoes, and rubbers for less fortunate ones, and these articles are distributed when needed.

In closing I wish to thank the Superintendent, School Board, Teachers, and Parents for their splendid cooperation.

Respectfully submitted,
Lucille Morin, R. N.
